

WAHAJ MURAD

WORDPRESS DEVELOPER

I am a dedicated WordPress developer with 3 years of experience creating dynamic, responsive, and user-friendly websites. My expertise includes custom theme development, plugin integration, and optimizing website performance. I specialize in transforming client ideas into modern, functional, and visually appealing digital solutions. I am committed to delivering high-quality results. With a passion for innovation, I continuously stay updated on the latest web development trends and technologies.

Experience

Wordpress developer Freelancing

2023-2025

- I have been working as a freelance WordPress developer on Fiverr, providing services in theme customization, landing page design, and creating websites using Elementor and Elementor Pro. My focus is on delivering user-friendly and visually appealing solutions tailored to client requirements, earning positive feedback and building a strong portfolio.

WordPress developer Webiconz Technologies

2022-2023

- I worked as a WordPress developer at Webiconz Technologies, where I honed my skills in creating dynamic and responsive websites. My responsibilities included theme customization, plugin integration, and troubleshooting website issues. I collaborated with clients to deliver tailored solutions that aligned with their business goals. This experience enhanced my expertise in WordPress development and client communication.
